ALMAS MARINE SERVICES AND GENERAL SUPPLYING

About Almas

Almas Marine Services is recognized as one of Iraq's leading providers in the maritime and inspection sector, delivering precise, reliable, and professionally executed marine solutions. With extensive experience in port operations and a strong understanding of maritime logistics, we support our clients across all stages of marine activity with accuracy and confidence.

We offer a comprehensive range of services, including detailed marine surveys, quality and quantity inspections for general cargo and petroleum products, supervision of loading and unloading operations, container integrity checks, customs clearance support, and warehousing solutions—each carried out in accordance with global best practices.

What sets us apart is the strength of our team. Our experienced master mariners, certified marine surveyors, cargo superintendents, and field inspectors bring decades of sea-going and operational expertise. Their technical insight and professional judgment ensure that every inspection and report is delivered with precision, transparency, and operational foresight.

As part of our commitment to excellence and continuous improvement, Almas Marine Services operates under internationally recognized management systems and holds multiple certifications, reinforcing our dedication to quality, safety, environmental responsibility, and professional standards.

At Almas Marine Services, we strive to be more than a service provider—we aim to be a trusted marine partner. Our mission is to deliver accurate reporting, meticulous surveys, and dependable operational support that strengthen our clients' success within Iraq's vital maritime sector. Experience the professionalism and precision of a dedicated marine surveying team.

How We Work

Almas Marine Services is a leading provider in Iraq's maritime sector, committed to delivering high-quality, professional solutions that empower our clients to navigate the evolving demands of marine operations with confidence. With a deep understanding of port activities and the critical nature of maritime logistics, we offer comprehensive support across all stages of marine work-from conducting marine surveys and performing quality and quantity inspections for general cargo and petroleum products, to supervising loading and unloading operations, managing customs clearance, and handling both refrigerated and dry container services, as well as warehousing and storage solutions.

Our strength lies in the extensive expertise of our technical and administrative teams, who combine specialized maritime knowledge with hands-on experience in port operations and field logistics. This enables us to ensure smooth processes, enhance operational efficiency, and maintain the highest levels of reliability.

At Almas Marine Services, we strive to be your trusted partner, providing precise marine solutions, advanced operational support, and a genuine commitment to your success in one of Iraq's most vital sectors. Discover the difference with Almas Marine Services.

Our Vision

To be recognized as Iraq's best inspection service organization in the field of marine surveys, cargo and container superintendents and third party inspection company with excellence, creativity, and dedication.

Our Goal

To enhance the efficiency and safety of marine operations by providing accurate reporting, professional oversight, and high-quality services that support sustainable growth and strengthen our clients' competitiveness.

Our Mission

Our mission is to reach out to maximum people and to operate as customer driven competitive business and deliver the quality services for our clients so that they can make the optimum use of their business with cost-effective strategies

Our values

Professionalism

We are committed to applying the highest standards of quality and precision in all our operations—from marine surveys to operational supervision—ensuring reliable services that reflect our expertise in the maritime sector.

Customer Focus

We place our clients' needs at the heart of our work, striving to deliver effective and carefully tailored solutions that meet their requirements while ensuring smooth operations and swift responsiveness at every stage.

Excellence & Integrity

We build our relationships on professionalism and transparency, providing accurate and objective reports that put the client's interests first and support informed decision-making.

Innovation

We continuously develop our methods and tools to enhance operational performance and keep pace with advancements in the maritime sector, with a focus on minimizing risks and improving efficiency.

Partnership

We believe in long-term partnerships built on trust. We work closely with our clients and maritime stakeholders as one team to achieve sustainable results and strengthen collaboration throughout all phases of our work.

A wide-angle photograph of a busy port. In the foreground, there are stacks of colorful shipping containers (red, blue, yellow, and white). In the background, large blue gantry cranes are visible, along with a body of water and a distant city skyline under a clear sky.

Diversity, Equity & Inclusion

Diversity

At Almas Marine Services, we believe that diverse backgrounds and expertise strengthen our ability to understand and meet the needs of clients across the maritime sector. Bringing together a team with varied skills enables us to deliver more accurate, innovative, and effective solutions.

Equity

We are committed to a fair work environment where opportunities are granted based on merit. By empowering our team and valuing their contributions, we reinforce a culture of responsibility and ensure the consistent delivery of high-quality, professional services.

Inclusion

We foster a workplace where every individual feels valued, heard, and involved. We embrace different perspectives and encourage active participation in continuous improvement, supporting teamwork and enabling us to provide more reliable and sustainable services.

The background for the 'Our services' header is a dark blue image showing a hand holding a gear. Several other gears are visible in the background, each containing a white silhouette of a person in a business suit. The word 'Our services' is written in a large, white, sans-serif font across the center of the image.

Our services

At Almas Marine Services, we provide a comprehensive range of marine and cargo inspection solutions designed to support safe, accurate, and efficient port operations. Our work focuses on delivering precise technical assessments, reliable supervision, and professional reporting that help protect our clients' interests throughout every stage of vessel and cargo handling. With a team of experienced marine surveyors and logistics specialists, we ensure that all operations are carried out in full compliance with international standards, ensuring transparency, efficiency, and dependable results.

- 01 Marine Surveys & Damage Inspections
- 02 Project Cargo & Steel Cargo Surveys
- 03 Bags & Bulk Cargo Inspection / Surveys
- 04 Warehouse / Terminal Operations & Container Inspection Surveys

01- Marine Surveys & Damage Inspections

At Almas Marine Services, our certified marine surveyors and technical specialists conduct a full range of marine surveys with precision, technical accuracy, and an unwavering commitment to transparency. We understand the critical importance of delivering clear, detailed, and unbiased reports that protect the interests of both vessel owners and charterers.

Our On/Off-Hire Bunker, Condition, and Performance Surveys are among our core competencies. These surveys include a thorough assessment of a vessel's condition at the commencement or completion of a charter period. Our expert surveyors perform detailed inspections of the hull, decks, cargo holds, hatch covers, deck machinery, cranes, mooring gear, and other critical equipment, while also verifying statutory ship certificates and compliance with applicable regulations.

Each survey report is supported with comprehensive photographic evidence, enabling our clients to gain a clear understanding of the vessel's condition, any damages observed, potential operational risks, and required corrective actions. In addition, we issue Bunker Survey Reports, Certificates of Delivery/Redelivery, and Conversion/Reversion Statements to ensure full transparency and accuracy regarding fuel quality and quantity throughout the chartering period. We proudly offer the following marine surveys and damage inspections, tailored to meet your operational needs:

- **Vessel On/Off-Hire Bunker & Condition Survey**
- **Bunker Quality & Quantity Survey (BQS)**
- **Conversion / Reversion Bunker Survey**
- **Crane Cycle Inspection**
- **Vessel Crane & Crane Components Damage Survey**
- **Cargo Grab Damage Assessment**
- **Shell Plating and Hull Damage Survey**
- **Mooring Winches / Windlass / Motor Damage Survey**
- **Hatch Cover Integrity Inspection**
- **Hold Inspection & Cargo Hold Readiness**
- **Bunker Supply Survey**
- **Draught Survey**
- **Investigations into Quality / Quantity Discrepancies**

With the expertise of our master mariners, marine engineers, and field surveyors, Almas Marine Services delivers accurate, timely, and evidence-based findings—ensuring safe operations, minimized risks, and transparent communication for all stakeholders involved.

02- Project Cargo & Steel Cargo Surveys

At Almas Marine Services, we provide comprehensive inspection and supervision services for Project Cargo, ODC (Over-Dimensional Cargo), and Steel Cargo. Our surveyors and port operation specialists ensure the safe, efficient, and compliant handling of heavy and oversized shipments across all Iraqi ports.

Our experienced team oversees every operational stage—from cargo planning and stowage arrangements onboard the vessel, to lashing, securing, and operational supervision—ensuring full adherence to international standards and port regulations. We provide on-site monitoring throughout loading and discharge operations to verify proper handling techniques and maintain cargo stability and structural integrity at all times.

With our specialized expertise in ODC, project cargo, and steel commodities such as pipes, plates, coils, beams, and billets, Almas Marine Services helps clients reduce operational risks, improve efficiency, and safeguard high-value cargo.

We offer the following professional inspection and supervision services:

- Pre-shipment Inspection
- Pre-Discharge Lashing & Securing Inspection
- Hatch Inspection / Hatch Cover Integrity Verification
- Vessel Loading & Discharging Supervision
- Cargo Tally & Condition Monitoring
- Pre-Dispatch Inspection
- Measurement Surveys
- Damage Assessment / Joint Inspection
- Supercargo Services for Stowage, Loading/Discharging, Lashing & Securing of Project Cargo, ODC, and Steel Cargo

With Almas Marine Services, you can rely on a trusted technical team to support your specialized cargo operations with precision, oversight, and professional accountability.

03- Bags & Bulk Cargo Inspection / Surveys

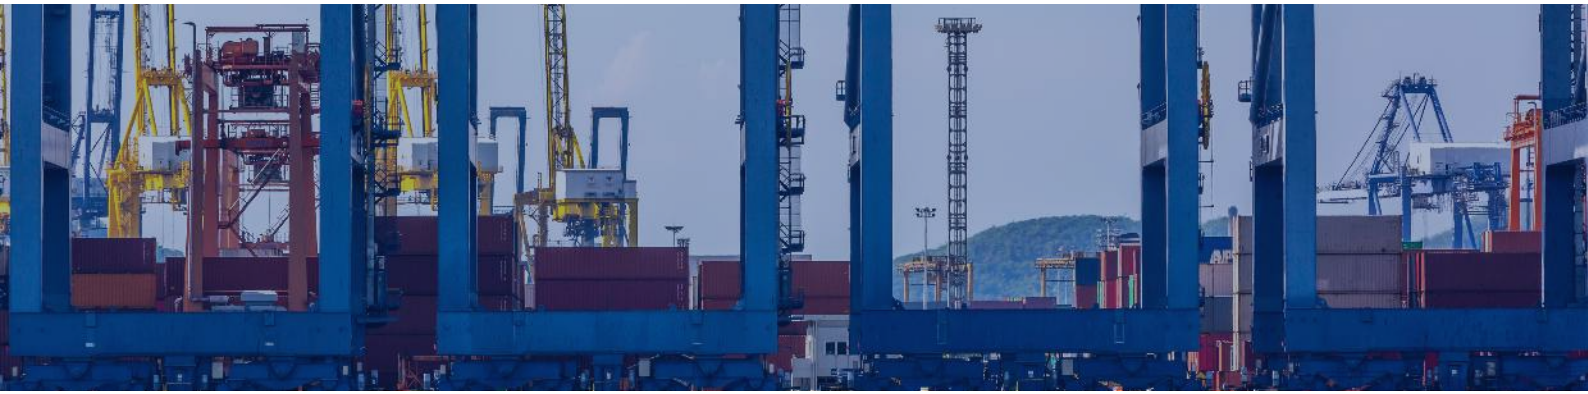

At Almas Marine Services, we recognize the critical role that accurate tallying and monitoring play in ensuring transparency, safety, and efficiency during cargo handling operations. Our trained marine surveyors provide precise quantity verification for bagged and bulk cargoes, ensuring that every unit and every ton is accounted for throughout loading and discharge.

Our team conducts meticulous inspections to confirm cargo condition, verify quantities, assess stowage, and ensure compliance with best maritime practices and vessel requirements. Through detailed documentation and photographic evidence, we provide our clients with clear, reliable reporting that supports operational integrity and protects commercial interests.

We proudly offer the following inspection and supervision services for bagged and bulk cargo vessels:

- Hatch Inspection / Hose Test
- Hatch Sealing & Unsealing Supervision
- Break-Bulk Survey / Pre-Discharge Cargo Inspection
- Loading & Discharging Supervision
- Cargo Tally Services
- Damage Cargo Survey / Joint Inspection
- Stowage Supervision
- Fumigation Supervision

With Almas Marine Services, you can depend on a professional survey team dedicated to delivering accuracy, reliability, and complete operational transparency for all bagged and bulk cargo movements.

04- Warehouse / Terminal Operations & Container Inspection Surveys

At Almas Marine Services, our specialized team provides comprehensive supervision and inspection services across warehouses, terminals, and container operations. We recognize the importance of accurate oversight, proper documentation, and risk mitigation within cargo handling environments—whether for stored cargo, terminal movements, or containerized shipments.

Our surveyors carry out each task with precision and attention to detail, ensuring safe handling, compliance with operational standards, and full transparency. Through detailed, photo-supported reports, we provide our clients with reliable information that enhances operational control and minimizes commercial risks.

We offer the following professional services:

Warehouse / Terminal Operations

- **Warehouse Inspection**
- **Cargo Inventory & Condition Inspection**
- **Fumigation Supervision**
- **Warehouse Sealing / Unsealing**
- **Damage Cargo Inspection**
- **Pre-Dispatch / Receipt Verification**
- **Loading & Unloading Monitoring**
- **Cargo Tally Supervision**

Container Inspection & Surveys

- **Empty Container Inspection**
- **On-Hire / Off-Hire Container Survey**
- **Stuffing & De-Stuffing Supervision**
- **Cargo Tally for All Types of Cargo**
- **Container Sealing / Unsealing**
- **Damage Survey / Joint Inspection**
- **In-Gauge & Out-Gauge Measurement Survey (Flat Rack & Open Top Containers)**
- **Lashing & Securing Supervision**

With Almas Marine Services, you gain a trusted professional partner dedicated to accuracy, reliable reporting, and seamless operational support across all warehouse, terminal, and container activities.

ISO Certifications

At Almas Marine Services, our commitment to excellence is firmly anchored in internationally recognized ISO standards that reflect the depth of our operational discipline and our dedication to continuous improvement. These certifications embody our belief that quality, safety, environmental responsibility, and energy efficiency form the foundation of sustainable and reliable marine operations.

Through our integrated management systems, we work to elevate the standards of maritime services, ensuring that every process - from marine surveys to cargo supervision- aligns with global best practices and delivers measurable value to our clients. Our ISO certifications reinforce our promise to maintain transparent, efficient, and responsible operations across all levels of our work.
